### THE POWER OF ESSENTIAL OILS

**CHEMIR S.A.** presents a unique active ingredient that provides rubefacient properties to cosmetic formulas.

The presence of essential oils provides the blend with antioxidant, sanitizing and tonic qualities. It is strongly recommended in products for anti-cellulite treatments as it indirectly provokes an increase in vascular activity, boosting lymphatic drainage and easing toxin elimination.

#### BIOACTIVES

- **Citrus lemon peel oil:** Descongestant, antiseptic and body tonic.
- **Rosmarinus officinalis leaf oil:** circulatory activator, astringent and healer.
- **Thymus mastichina herb oil:** antiseptic and antioxidant.
- **Citrus aurantium bergamia fruit oil:** antiseptic and healer.
- **Lavandula hybrida herb oil:** epithelial regenerator.
- **Methyl nicotinate:** Rubefacient action

### PROPERTIES

- Rubefacient effect
- Hygienizing and tonic antioxidant
- Enhance lymphatic drainage, eliminating toxins
